### Dear CHAD supporters:

The Charter High School for Architecture and Design's annual Champagne Breakfast is on June 24th, 2016. This signature event raises much needed funds for our school, but also recognizes our growing list of supporters across Philadelphia's architecture, construction and design communities.

This year I invite you to join us in honoring Douglas Carney, SVP for Facilities, Real Estate and Capital Program at The Children's Hospital of Philadelphia, for his incredible accomplishments and dedication to our city and our children.

At CHAD, our students enjoy a unique curriculum with Design courses that lead to "majors" in a variety of fields. This past year we have created numerous partnerships with organizations such as Drexel University, Women in Architecture, AIA and the GBCA that provide networking, mentoring and intern opportunities for our students. CHAD has a successful track record of graduating urban students and sending them off to colleges around the country.

Please consider becoming an event sponsor for the Champagne Breakfast. Your sponsorship will help provide the resource needed continue to fulfill our mission through improving our curriculum and, creating teaching tools and professional development programs. Our goal is to provide our students with a creative education that will equip them for success.

A list of sponsorship opportunities is attached and a member of the Designing Futures Foundation will be contacting you to assist you with your sponsorship. June 24 is just a few weeks away and we look forward to your support and to your participation at our Breakfast.

Yours,

**Gregory R. Wright M. Ed, MBA**
